

HIGH SCHOOL - NEED TO KNOW

Dear Parents and Students,

We are eager to begin the school year and look forward to an exceptional year ahead!

We hope you will take the time to read through all of the information we have thoughtfully put together for you. Please take particular notice of the faculty bios to find out more about our newest faculty members including James Mesevage (Mathematics) and Nicola Weiss (Athletics Director).

Please reach out with any questions that are not answered in our Back-to School guide. While we have tried to cover as much as possible, some dates and details are still falling into place. As we continue to navigate these quickly changing circumstances together, we appreciate your support.

Sincerely,
Gina Garrison
High School Coordinator

Student Arrival

Students should arrive on campus between 8:00-8:10am each day for an 8:15am start. Students will be expected to turn their phones in upon arrival or leave their phones home or in their cars.

Health Screenings

There is not a digital health screening requirement this year, however we ask that you self-screen at home for any symptoms and stay home if you are not feeling well.

Facial Coverings

Facial coverings are required when indoors and outdoors they are optional. Meadows Hall is considered an outdoor space when the large doors are open. For more detailed information, refer to the Health and Safety document in the Back-to-School packet.

Technology Expectations for Students

We ask that students bring a laptop to school with them each day. There are no minimum technical requirements.

Calculators

Grade 9 and 10 students will need a scientific calculator such as the TI-30.

By grades 11 and 12, students will need a graphing calculator such as the TI-83, TI-84, or Casio fx-GC50. The TI-84 is a more commonly used graphing calculator with many excellent instructional videos, while the Casio fx-GC50 is a more economical option. If you have any questions, please contact Ingrid Feck at ingridfeck@waldorfschool.com.

Wildcat Athletics

We anticipate a regular sports season, and kicking off with Cross Country and Girls Volleyball. The schedule of games and practices for the season will be communicated. You should have received an email with the information for obtaining a Physical Clearance from a physician. ***All participants are required to have a Physical Exam prior to the start of the season and to participate in PE.***
