Practice

Weekly practice is required, students should practice 20 minutes 5 days a week!

Private lessons are highly recommended, please contact Mrs. Haddy if you need teacher recommendations.

Encouraging home concerts and having your student play the songs and scales we studied in class will help encourage your student with building confidence in their playing. Have your student show you how to play the string instrument, this will be a fun activity at home to help with practice time.

Tuesday and Thursday, students are required to bring their instruments and music folders to school. If the student has forgotten their music and instrument more than 2x, a phone call home will be made.

Mrs. Haddy is available Tuesday and Thursdays at lunch to help students with any questions on practice and music being studied in class. If students are repeatedly forgetting instruments and music, Mrs. Haddy will call home and ask that the student meet at lunch time to get caught up on music being studied in the string class.

Please print a copy of this policy and return, signed by parents, the first week of school.

Sincerely,

Mrs. Jessica Haddy
Waldorf Strings Teacher of Orange County
