

About WSOC

Waldorf School Orange County, founded in 1988, offers a holistic, arts-integrated education rooted in Rudolf Steiner's philosophy. Today, our fully accredited school serves students from early childhood through high school, nurturing creativity, critical thinking, and a lifelong love of learning.

WALDORF SCHOOL
ORANGE COUNTY

Our Early Years classes offer a warm, rhythmical space where young children learn through play, movement, song, and story.

This nurturing environment supports imagination, social development, and a sense of wonder, while gently guiding parents in early family life.

Your Teacher

Charlotte Guest has taught in Waldorf schools across Southern California, including Sanderling Waldorf School and Maple Village Waldorf School. She earned her B.A. in Early Childhood Education from Naropa University, where she focused on holistic and contemplative approaches, and later completed her Waldorf certification through the Waldorf Institute of Southern California. Now both a teacher and parent, she is deeply passionate about supporting young children and families.

Charlotte Guest
